Pilot Construction Sdn. Bhd. was incorporated in Malaysia in 1979 by K.C Ang as a renovation contractor. From a humble beginning, today, PILOT is recognised by global clients as one of the leading General Contractor which specializes in Design & Build solutions for Civil, Structure, Architectural, Building, MEP works and Infrastructure works.

PILOT has an excellent record in providing **value-added engineering, construction and service skills to customers** for which, quality, efficiency and reliability are essential. Its business sectors work across the supply chain from initial concept to whole life management and puts together specialist teams that are unique in their ability and dedicated management staff to deliver complex projects on Safety, Time, Cost and Quality.

PILOT has successfully delivered more than 200 projects. Over the years, PILOT focused and specialized in the delivery of High Technology Industrial Projects and Medical Plant Manufacturing Set-up. The company has a clear strategy to achieve its ambitions for continuous growth.

PILOT creates and cares for the essential assets that make our society work.
